The Chiswick Calendar is the biggest local news website in Chiswick, reaching more people each month than any other Chiswick title. Because our content is almost entirely about Chiswick, the people who read it either live here or have a genuine connection to the area, so any promotion reaches the community a local business actually serves rather than a general audience passing through.

This guide sets out the three main ways to work with us: Club Card membership, display advertising, and Featured Articles. All three can be combined, and larger or longer-term arrangements can be built around them, so get in touch if you'd like to talk through what would suit your business best.

OPTION ONE

Club Card

£250 per year

Club Card is our local discount and loyalty scheme. Around 90 Chiswick businesses are already members. Each one gets a dedicated page on the website describing what they do, alongside whatever offer or discount they choose to give Club Card holders, from a modest percentage off to a free extra. In return, the business gets a year of steady, repeated exposure to a genuinely local, engaged audience. Membership runs for a full year at a flat £250, with no shorter terms currently offered.

See the current member directory, with live examples of business pages and offers, at chiswickcalendar.co.uk/chiswick-club-card-offers/a-z-directory.

A Club Card membership includes:

- A dedicated business page in the Club Card section of the website, one of the most visited parts of the site
- An introduction in the weekly newsletter when the business joins
- Ongoing mentions in the Club Card news section throughout the year
- Two posts on our X/Twitter account and two Instagram story appearances a year, pointing to the business's Club Card page
- Possible inclusion in the Chiswick Calendar Freebie, our weekly newsletter prize giveaway, one of the most popular features in the newsletter
- Window stickers to display in the business, so customers can see straight away that it's part of the scheme
- The ability to update the offer at any time during the year

OPTION TWO

Display advertising

For a business that wants ongoing, visible brand presence rather than a discount-led listing, we offer two advertising positions on the website. Both include click and impression tracking, so performance is measurable, and both are limited to a small number of advertisers at any one time.

Leaderboard

A banner at the top of every page across the site.

Average 65,201 impressions a month
Artwork: JPG or GIF, 1582 × 220 pixels, up to 3 frames

Side panel

A panel on the right-hand side of every page, in rotation with other advertisers for fair visibility.

Average 114,377 impressions a month
Artwork: JPG or GIF, 672 × 560 pixels, up to 3 frames

POSITION	TERM	MONTHLY RATE	TOTAL
Leaderboard	12 months	£140/month	£1,680
	6 months	£160/month	£960
	3 months	£180/month	£540
Side panel	12 months	£180/month	£2,160
	6 months	£200/month	£1,200
	3 months	£220/month	£660

Shorter or bespoke campaign lengths, for example a two-week run around a single event, can sometimes be arranged. Ask if a standard term doesn't fit.

OPTION THREE

Featured Articles

£300 for one article · £500 for two

A Featured Article is a dedicated piece of content about the business, written for the website and included in the Tuesday newsletter, which reaches 18,500+ subscribers at around a 50% open rate. It works well when there's a genuine story to tell: a launch, a new menu or course, an anniversary, or a seasonal moment. Content is shaped together with our editorial team before the business signs it off. Two articles across the year, for example one now and one at Christmas, cost £500 rather than £600, a saving worth using if there's more than one moment to promote.

Sponsorship & partnerships

For a bigger, ongoing commercial relationship, we can put together a bespoke package combining any of the above: a series of Featured Articles, a period of display advertising, Club Card membership, and a dedicated area or portal page on the site. Each partnership is priced individually around what a business wants to achieve, so there's no fixed rate here. Fuller's Griffin Brewery and the Hogarth Club are examples of businesses we currently work with on this basis. Get in touch to talk it through.

Why local advertising works here

Because our content is almost exclusively about Chiswick, from news and events to local business features, the vast majority of readers either live in the area or have a strong connection to it. That means a higher rate of genuine local engagement than a general advertising platform can offer, and it means a business isn't paying to reach anyone outside the community it actually serves.

Audience at a glance

- 50,500 monthly users, 126,497 page views a month on average (Apr–Oct 2025)
- 18,500+ newsletter subscribers, roughly 50% open rate
- 53.2% of site traffic comes from news content, a sign of an actively engaged readership rather than passing visitors
- Fairly even spread across adult age groups, with a slight skew toward women (55%/45%) and toward 65+ and 25–34 year olds

Who's already on board

Around 90 local businesses currently hold Club Card membership, spanning pubs, restaurants and cafes, health and beauty, fitness studios, independent retail, and local services. Browse the full directory, with live examples of member pages and current offers, at chiswickcalendar.co.uk/chiswick-club-card-offers/a-z-directory

Ready to talk it through?

Let us know which option looks like the best fit, or if you'd like to combine more than one, and we'll take it from there.
